Cake Mix Cookies

Prep Time 10 minutes
Cook Time 10 minutes
Total Time 20 minutes
Serves 24

15 ½ ounce box white cake mix
2 eggs
½ cup vegetable oil
1 teaspoon vanilla extract
¼ cup sprinkles divided use

Instructions

1. Preheat the oven to 350 degrees F. Line a cookie sheet with parchment paper or a nonstick baking mat.
2. In a large bowl, mix together the white cake mix, eggs, oil and vanilla extract until smooth.
3. Stir in ¼ cup of the sprinkles.
4. Roll the dough into tablespoon sized balls.
5. Pour the remaining ¼ cup of sprinkles onto a plate. Roll the balls of dough around in the sprinkles to coat.
6. Place the balls of dough 2 inches apart on the prepared baking sheet. You will need to work in batches.
7. Bake for 8-10 minutes or until cookies are set and lightly browned.
8. Cool, then remove from the baking sheet and repeat the baking process with the remaining dough. Serve immediately, or store in air tight container for up to 3 days.

Notes

1. Make sure you have a 15 ½ oz. box of cake mix. Some cake mix boxes are smaller and will not work well for this recipe.
2. You can make your cookies larger or smaller than what the recipe calls for; just adjust the bake time accordingly.
3. Use a cookie scoop or measuring spoon to make all of your balls of dough the same size.

Nu Era Pest Control Schedule

The First Tuesday and Wednesday of Each Month-
December 2nd and 3rd

Please report any sign of bed bugs immediately and
treatment will be scheduled.
ALL ROOMS MUST BE TREATED!
